*From the get go our goal has been to focus on seasonality and sustainability in every aspect of the venue. We have applied this focus to every drink we have either sourced or created. We have cultivated, what we consider, the perfect selection of coffees, crafts and cocktails. When considering products we have strived to be as ethical, organic, low waste and environmentally conscious as possible.*

*Whatever your poison, you can drink it with a clean conscience.*

# SIGNATURE COCKTAILS

Here at Horticulture, our custom cocktails are designed with seasonal ingredients, sustainability and fantastic flavours. Our intention is to be as low-waste as possible, so many of our ingredients are created with this in mind. Whether it be using the skin to make juice, chickpea water to make foam, or chilli seeds to make syrup, we try to utilise every part of our produce to create not only more sustainable, but tastier cocktails.

# DRAUGHT

Our draught selection was chosen to highlight the best in british and international craft beers. We have focused on big flavours and have a regularly rotating list of delicious IPA's, Lagers and Ales. Our house lager, Wild Life is made specially for us by Bavo Brewery in Belgium. Crisp, refreshing and extremely sessionable, it serves as a wonderful accompaniment to our food.
